THE FLESH

4/25/21

SERMON NOTES

- Humans naturally want to _____.
- We can _____ against our own sinful desires by
 - Listening to _____.
 - Doing what _____ says.
 - Telling _____ when we sin.

MORE MONSTER

Our own desires are often just telling us we want more, we need more friends, more toys, more dessert, even if those things wouldn't be good for us. Draw a picture of a monster who always wants more.

CONFESSION

One of the best things we can do to fight sinful desires is to tell people about it. Use this space to write down some of the ways you sinned this week. After the sermon, talk to your parents about one of these.
